

De Zeekoe

Five Shy Meerkat Tours (previous name Meerkat Adventures)

- Original Tours Since 2004

Please note that the starting point for these tours is roughly 9 km from Oudtshoorn on the R62 and 16 km from the De Zeekoe Guest Farm main house and requires self-driving.

The most popular of our activities we offer are without a doubt the daily wild habituated meerkat tour. These tours that commence only at sunrise are dependent on fair weather, since these little creatures will not venture outside their burrows on cold and rainy days. (No tours on rainy days & Christmas day).

Meerkats are part of the so-called Shy 5 which also includes the bat-eared fox, the aardvark, porcupine and aardwolf.

The meerkat tours last between 2-3 hours and booking is essential. Upon arrival at the meerkat burrows, guests are treated to a hot cup of coffee & rusks. They then enjoy a short hike in the karoo field- after which they are issued with a comfortable chair to sit in while observing the meerkats as they come out of the burrow into the sunshine and go about their daily routine of foraging and frolicking. These habituated wild animals are never fed or handled by humans.

Tours are presented by JD Glinister, and his team. It is a fantastic experience & unique privilege to get this close to these little creatures in the wild.

Bookings essential - Can be done directly through Activitar on our meerkat website
